1. This application is in condition for allowance except for the following formal matters:

A. The Specification is hereby objected to under 37 CFR §1.71 and 37 CFR §1.77 in that:

(1) the Specification must be re-written to have the sections as identified in 37 CFR §1.77(b) and (c) with the indicated headings, with the appendix either incorporated into the body of the Specification or cancelled; and

(2) the pictures and graphs on pages 42-56 of the appendix to the Specification must be removed from the Specification.

B. The Drawings are hereby objected to under 37 CFR §1.83(a) in that the drawings do not illustrate: the structure of part (b) of claim 16; the structures of each of parts (b), (c), and (d) of claim 17; and, part (b) of claim 18. The drawings must show every feature of the invention specified in the claims. Therefore, these items must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate

changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Correction of the informalities set forth above is hereby required. Failure to make these corrections will result in the abandonment of this application.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
